

In the spirit of armchair travelers everywhere, the Voyager Ensemble explores a new country of the world every concert by combining standard repertoire along with a commission by a composer from the region. This year's concert focuses on ARGENTINA with directors Yoshioka and Yang joined by eminent Argentine musicians Alejandro Drago and Juan Delgado for the music of Piazzola, Golijov, Ginastera, and a world premiere by Argentine composer Fernando Altube.

Airi Yoshioka & David Yang, co-directors
